Hi Tom,

Thanks for checking in. I'm like you: behind and over committed. My goal is to get this out by cob tomorrow. Will that work? Sorry I am late on my end.

Hey Mace,

I know I haven't held up my end of the deal ....

I only opened the Chapter 3 Queries on Sunday ... but didn't finish the last 6 or so.

That notwithstanding, I thought I'd touch base with you and see if you've had time to put pen to paper and draft a cross-over section, as we spoke about.

I talked with SETAC and they are going to find the appropriate way to include the non-apis authorship to the core chapters.

Let me know where you happen to be, and I'll get on those last references and send them back to you.

Talk w. you soon,
